Budget Message from Patrick Quinton Executive Director

To the Members of the Portland Development Commission (PDC) Board and Portland City Council:

Business and employment growth have marked Portland's strong economic recovery, although the benefits of that growth still do not accrue equitably to Portland residents. Over the past year, PDC refocused its work to address our city's ongoing challenge to become a place that offers opportunity and economic growth to all of its residents. PDC's commitment to fostering more widely shared prosperity is the guiding principle behind the agency's new strategic approach to its work.

PDC relies on our many partners in both the private and public sector to help us realize our vision for the city. That vision calls for investments to foster greater commercial and residential affordability, support of entrepreneurship as a path to job creation and diverse business leadership, initiatives that promote community livability and engagement, and transformative collaborations across industries, geographies, and sectors to spark broader opportunities for people throughout the city.

The enclosed fiscal year (FY) 2016-17 Proposed Budget for PDC supports the agency's innovative efforts to promote healthy, complete neighborhoods; access to high quality employment; equitable wealth creation; and civic networks, institutions, and partnerships in pursuit of the goal of prosperity among all Portlanders.

BUDGET OVERVIEW AND PROCESS

Following is PDC's FY 2016-17 Proposed Budget totaling \$293 million in expenditures. The Proposed Budget was informed by the 2015-2020 PDC Strategic Plan and draft FY 2016-17 Agency-Wide Work Plans, reviewed by the Central City and Neighborhood Budget Advisory Committees and by the PDC Board of Commissioners (Board) at its December 9, 2015 Board Retreat. Staff, stakeholders, and PDC Board members are aligned on key urban renewal area (URA) project budget decisions which include shifting resources to reflect current priorities in the River District and Convention Center URAs.

The enclosed FY 2016-17 Proposed Budget includes 91.5 staff positions and the latest estimates for project and program expenditures that were included in the Requested Budget and more recently updated for changes in PDC and PHB project timing. The Proposed Budget is balanced using 1) The latest tax increment forecasts developed in conjunction with debt management staff at the City Office of Management and Finance, 2) The City Budget Office's current service level funding of General Fund resources for economic development, 3) Updated estimates for loan portfolio and property income revenues and 5) the updated Housing Set Aside Policy that dedicates at least 45% of new TIF resources to affordable housing.

BUDGET HIGHLIGHTS

Similar to previous years, PDC's total budget is divided across three business lines (Economic Development, Infrastructure, and Property Redevelopment) that include major redevelopment and economic development activities, lending programs, and grant programs that further the 2015-2020 PDC Strategic Plan objectives. All affordable housing Set Aside resources that are transferred to the Portland Housing Bureau are accounted for within the Housing category.

PDC's General Fund request prioritizes resources essential to continue neighborhood economic development and business assistance through implementing ongoing and new inclusive startup activities, such as the Increase Project and the Inclusive Startup Fund, executing target cluster action plans and international strategies, and funding workforce development and small business development programs. The Proposed Budget includes a targeted 5% reduction in ongoing funding and \$1.1 million in requested add-packages that were included in the PDC Requested Budget. The add-packages request one-time or ongoing funding for:

- Powell-Division BRT Local Action Plan
- The Increase Project
- Portland Benefit Corporation (B-Corp) Program
- Old Town/Chinatown Economic Development Grants
- Healthcare and Biotechnology Business Development

The FY 2016-17 Proposed Budget includes the implementation of the following URA strategies and plans:

- River District: Complete acquisition of U.S. Postal Service site.
- Old Town/Chinatown Action Plan in River District and Downtown Waterfront: Finalize agreements on additional/remaining PDC properties and pursue redevelopment of additional Old Town sites;
- Convention Center: Support Metro's development of a Convention Center Hotel by developing a Convention Center Hotel Garage in partnership with TriMet;
- Lents Action Plan: Implement projects with all development partners from Lents property solicitation;
- Gateway: Move forward with development at 106th and Halsey and the Halsey-Weidler investment strategy and begin funding the Gateway Action Plan;
- North Macadam: Support ZRZ Phase I development and move forward with PBOT on SW Bond construction;
- Central Eastside: Pursue Clinton Station redevelopment, and advance ODOT site acquisition;
- Interstate: Complete MLK Alberta project including local business as retail tenants; construct Lombard street improvements.

As the sunset of active urban renewal areas draws closer, underscoring TIF's limitations to advance critical components of the PDC Strategic Plan, the completion of PDC's new business plan becomes more urgent. Shaped by the work of the Financial Sustainability Committee, the new plan will incorporate consistent use of a financial sustainability lens for budget discussions and priority setting. Over the next five years, as major projects come to an end and in many cases final debt proceeds are received, PDC's budgets and forecasts will recognize the need to generate new revenues and resources to sustain the agency's ability to deliver on its mission to create economic growth and opportunity for Portland.

About PDC

Created by Portland voters in 1958, PDC's mission is to create economic growth and opportunity for Portland. The agency has played a major role in keeping Portland one of America's most livable cities. Over the past half century, PDC has managed 25 urban renewal areas and/or programs, plans that have changed the face of Portland – making it a better place to live for all Portlanders. PDC uses urban renewal as a tool to focus public attention and resources in specific areas of the city, which helps Portland realize capital projects – parks, streetscape improvements, community centers –that would not happen on their own.

As Portland's urban renewal and economic development agency, PDC has 17 active urban renewal areas and works extensively in Portland's neighborhoods to deliver a broad range of neighborhood improvement programs. It also carries out a comprehensive range of economic development programs that create jobs for Portland residents.

PDC is headed by an executive director who reports to a five-member, volunteer Board of Commissioners appointed by the mayor and approved by City Council. The Board is authorized by City Charter to administer the business activities of the agency.

PDC invests in the placemaking and quality of life, job creation, innovation and economic opportunity that will transform Portland into one of the most globally competitive, equitable, and healthy cities in the world, with prosperity shared by Portlanders of all colors, incomes and neighborhoods.

Description of Resources

PDC's operating and capital expenditures are supported by resources described below. Total resources, including Beginning Fund Balance for FY 2016-17, are budgeted at \$517.6 million, an increase of \$96.4 million from the FY 2015-16 Revised Budget of \$421.2 million. However, most of this increase is due to the level of interfund transactions planned for FY 2016-17 rather than net, new resources. When removing interfund transactions, there is no change in total resources between the FY 2015-16 Revised Budget and the FY 2016-17 Proposed Budget.

Beginning Fund Balance - The FY 2016-17 Beginning Fund Balance Budget is \$242.8 million, an increase of \$26 million from FY 2015-16 Revised Budget of \$216.8 million.

The bulk of PDC's Beginning Fund Balance are in Capital Funds, which carry balances resulting from long-term and short-term tax increment bond proceeds, loan repayments, and other receipts. These beginning balances are programmed to fund business development, housing, infrastructure, and property redevelopment projects sometimes over multiple years.

The net proceeds from tax increment financing are spent over multiple years on identified projects and programs. The balances are budgeted in Contingency and carried over to Beginning Fund Balance in the succeeding fiscal year. These balances are only spent on projects eligible for the bond proceeds.

City General Fund - PDC relies on the General Fund allocation from the City of Portland to fund economic development activities outside of urban renewal areas, and without the limitations that accompany TIF financing. These activities generally fall in two categories – Traded Sector and Neighborhood Economic Development. PDC is budgeted to receive \$6.2 million in FY 2016-17 to fund general economic development activities. This is a net decrease of \$800 thousand from the FY 2015-16 Revised Budget of \$7.0 million that takes into account a 5% reduction in ongoing funding and a net decrease of approximately \$500 thousand in requested add-packages from what City Council approved in FY 2015-16.

Federal and Other Grants - This revenue category includes two funding sources – Federal except HCD and HCD Contract. The overall budget is \$3.2 million in FY 2016-17. Federal except HCD includes Union Station rehabilitation of \$1.1 million. The HCD portion is comprised of Community Development Block Grant funds for Economic Opportunity programs at \$2.1 million.

Program Income - Program income derives from the following sources: Fees and Charges, Interest on Investments, Loan Collections, Miscellaneous, Property Income, and Reimbursements. These funds are used to support development efforts, to provide loans for capital projects, to fund program management in urban renewal areas, and other activities. Program income received in urban renewal areas is

retained within the corresponding urban renewal area and expended on projects in accordance with the City's adopted urban renewal plans. Federal loan collection program income is restricted in expenditure by law.

The program income budget for FY 2016-17 is \$33.0 million which is a decrease of \$29.7 million from the FY 2015-16 Revised Budget of \$62.7 million. The majority of the decrease is related to higher loan collections and property sales that occurred in FY 2015-16. There was also a reimbursement of unused TIF funds from Multnomah County for the Courthouse project in FY 2015-16 that was a one-time activity.

Service Reimbursements - Includes recovery for administrative expenses for PDC's support departments: Executive, Communications and Social Equity, Legal and Human Resources and Finance and Business Operations. It also accounts for general administrative and paid time off charges for all PDC departments. The costs are allocated to operating department funds, which reimburse the General Fund for their share of the costs. Service reimbursements are budgeted at \$13.5 million in FY 2016-17 which is a decrease of \$100 thousand from FY 2015-16's revised budget of \$13.6 million.

Tax Increment Debt Proceeds – Oregon Revised Statutes (Chapter 457) requires that urban renewal property taxes be used to pay debt service on bonds and notes issued to fund projects in urban renewal areas. The City of Portland collects urban renewal property taxes to make debt service payments on long-term urban renewal bonds, lines of credit or other interim financing, and short-term urban renewal bonds (known as "du jour" bonds). PDC receives the net proceeds of these debt obligations, after payment of issuance costs and required reserves, to use on eligible projects within designated urban renewal areas.

The financing plan for FY 2016-17 was developed in conjunction with the City of Portland using conservative assumptions on tax increment revenue collections and debt service requirements. PDC's FY 2016-17 tax increment debt proceeds of \$105.4 million is estimated to be \$29.4 million higher than the FY 2015-16 Revised Budget of \$100.8 million.

Short Term (S-T) Debt – Short-term ("du jour") debt is overnight borrowing used to make tax increment revenues available to PDC that are in excess of amounts necessary for debt service on outstanding urban renewal bonds or other indebtedness. The FY 2016-17 Budget includes \$69.7 million of du jour, an increase of \$8.9 million from FY 2015-16.

Du jour was collected in seven urban renewal areas in FY 2015-16 – Central Eastside, Gateway Regional Center, Interstate Corridor, Lents Town Center, Neighborhood Prosperity Initiative, North Macadam, and River District – du jour increases (or decreases) as the Assessed Values within the urban renewal area boundary change, and du jour revenues vary as a result. As more long-term debt

is issued for these districts, higher debt service payments will reduce amounts available from du jour.

Most of the increase is related to adjusted estimates in North Macadam, and the River District as a result of revised tax increment forecasts and an increase in the amount of short-term debt that can be issued that was authorized by City Council in FY 2015-16.

Long Term (L-T) Debt – The FY 2016-17 Budget for long term debt is \$35.7 million, a decrease of \$4.3 million from FY 2015-16. This number represents line of credit draws that will ultimately be financed by bond sales. The amount of long-term debt issued each year is based on a number of factors including the urban renewal area's capacity to issue long-term debt, the demand for resources based on projected expenditures and the optimal economic timing for bond sales. Higher amounts of long-term debt are to be issued in FY 2015-16 to insure adequate cash is on hand in the River District for the planned acquisition of the United State Postal Service (USPS) site early in FY 2016-17.

PDC does not have any debt service in its budget related to tax increment funding. This is because the City of Portland issues all urban renewal long-term bonds, tax increment-secured lines of credit, and short term financing per City Charter. The City of Portland maintains separate debt service funds for each Urban Renewal Area. These debt service funds can be found through the City of Portland's budget at http://www.portlandonline.com/.

Each urban renewal area has its own plan which details the area including the legal boundaries, goals and objectives, definitions, project activities, and expiration dates. Each plan provides details on the condition of the area, maximum indebtedness, and fiscal impacts. Key facts about each urban renewal area and its capacity for debt issuance are shown on the following table.

| Urban Renewal Area | Maximum | Indebtedness | Indebtedness | Projected | Last Date to | Acres |

Financial Summary

An urban renewal area's maximum indebtedness represents the principal amount of indebtedness that may be issued for a given urban renewal area, and does not include debt service or refinancing costs. The maximum indebtedness limit is based on good faith estimates of project costs, including inflation, that are planned in each urban renewal area.

The plan expiration date is the stated date within each urban renewal area's Plan after which no additional new bonded indebtedness may be issued.

Other Debt Proceeds – The Proposed Budget also includes \$13.3 million in draws on a General Fund backed tax-exempt line to provide interim financing in the River District. The purpose of the line is to provide interim financing for planned River District public infrastructure projects until sale proceeds from Phase I of the USPS site are realized later in the Five-Year Forecast.

Description of Requirements

PDC's Requirements Budget for FY 2016-17 is \$517.6 million (including \$111.1 million in Contingency and \$113.3 million in interfund transfers), an increase of \$96.4 million from the previous year.

PDC's Total Expenditure Budget (net of Contingency, Transfers, and Ending Fund Balance) is \$293.2 million, an increase of \$127.8 million from the prior fiscal year, mostly due to the planned acquisition of the USPS site as well as disbursement of funds in the Oregon Convention Center URA for construction of the Convention Center Hotel parking garage. PDC's budget is appropriated by Program Area. The budget includes Non-Departmental requirements for Debt Service and Cash Transfers Out.

Expenditures by Program Area

The total budget for PDC's Program Areas in FY 2016-17 is \$293.2 million. Total expenditures are budgeted in the five program areas detailed below:

Economic Development – The Economic Development program budget is \$15.1 million. This category includes business lending, community economic development, traded sector business development, and entrepreneurship programs

Housing – The Housing program budget is \$70.7 million. These expenditures occur through an intergovernmental agreement with the Portland Housing Bureau and incorporates amendments to the Housing Set Aside policy adopted by City Council in 2015 that dedicates 45% of all new TIF Debt Proceeds to affordable housing

Infrastructure – The Infrastructure program budget is \$20.4 million. This category includes all projects and programs that are public infrastructure improvements including parks, public facilities, and transportation.

Property Redevelopment – The Property Redevelopment program budget is \$172.3 million. This category includes all projects and programs that relate to property redevelopment. It is comprised of commercial property redevelopment, commercial real estate lending, and community redevelopment grants.

Administration – The Administration program budget is \$13.5 million. This category includes all administrative and internal service functions.

Debt Service – Debt service of \$1.3 million is budgeted for FY 2015-16. The estimated debt service is related to interest payments related to the General Fund backed interim financing being drawn to support River District infrastructure projects.

Non-Program Requirements

Non-Departmental requirements are Transfers and Contingency.

Transfers – This category accounts for transfers between funds. There are cash transfers totaling \$113.3 million budgeted for FY 2016-17. Transfers are comprised primarily of Internal Service Reimbursements from Capital and Special Revenue funds to the General Fund for administrative overhead. Transfers also include cash equity transfers or inter fund loans. Total operating transfers related to Interfund Loans total \$99 million for FY 2016-17. This includes a transfer of \$68.6 million from River District URA Fund to the Business Management Fund for final payments related to acquisition of the USPS site as well as \$30.6 million from the Oregon Convention Center URA Fund to the Business Management Fund for acquisition of land and construction of the Convention Center Hotel Garage.

Contingency – A Contingency amount is budgeted to cover unanticipated requirements and reserve funds for projects planned in future fiscal years. The Contingency budget decreased from \$238.7 million in FY 2015-16 to \$111.1 million in FY 2016-17. This represents the drawdown of funds between FY 2015-16 and FY 2016-17 due to major projects moving forward including acquisition of the USPS site, affordable housing projects and the Convention Center Hotel Parking Garage.

PDC's Fund Structure

PDC has 5 Fund Types and 22 Budget Funds

Description of PDC's Fund Structure

PDC has 22 budget funds. Within each budget fund, PDC has sub-funds to account for specific programs that require separate tracking. A brief description of each of the legal appropriation fund types is below:

General Fund - This is PDC's operating fund. The General Fund accounts for administrative activities including indirect overhead costs and the project management office. In addition, economic development programs funded by the City General Fund are budgeted here.

Urban Renewal Funds - These funds are used to manage the finances of PDC's urban renewal areas. The primary source of revenue for these funds is tax increment debt proceeds and program income derived from the investment of tax increment proceeds.

Enterprise Fund - The Enterprise Fund accounts for economic development activities. Additionally it contains the Enterprise Management Fund, which provides for activity related to the operations and maintenance of PDC properties or City of Portland properties PDC has contracted to manage outside of Urban Renewal Areas. Currently, this fund includes operating revenues and expenses of the Headwaters Apartment.

Internal Service Fund - The Internal Service Fund, or Risk Management Fund, was created to make funds available for insurance claims and other unforeseen circumstances.

Special Revenue Funds - PDC's Special Revenue Funds include the following: Ambassador Program, Enterprise Zone, HCD (Housing and Community Development), Housing Acquisitions, and Other Federal Grants. The Special Revenue Funds account for the proceeds of specific revenue sources that are dedicated for specific purposes. These funds account for federal grants, local grants, and private activities.

Staffing Summary

The employee position count for FY 2016-17 is 91.5 positions. This is comprised of 91 Full-Time Equivalent (FTE) and one Limited-Term Equivalent (LTE) positions funded for half the fiscal year.

| | Total FTE | | | |
|----------------------------------|------------|------------|------------|------------|
| | FY 2013-14 | FY 2014-15 | FY 2015-16 | FY 2016-17 |

| Urban Development | 50.1 | 38.0 | 38.0 | 38.0 |

| Total | 114.6 | 93.0 | 93.0 | 91.0 |

FTE Position Changes – The following describes changes in FTE positions by fiscal year:

FY 2014-15 – FTE count was decreased by 21.6 FTE from FY 2013-14 with the implementation of the reduction in force (via Revised Budget). Real Estate and Lending was established as a department, with 14 FTE moving from Finance and Business Operations and Urban Development into the new department. FTE assigned to Communications and Social Equity, Opportunities Cooperative and Legal and Human Resources in FY 2014-15 were previously included in the Executive.

FY 2015-16 – No changes to the FTE count.

FY 2016-17 – The FY 2016-17 Proposed Budget includes an assumed decrease of two FTE (one in Human Resources and one in Finance and Business Operations). The decrease is consistent with the anticipated reduction in positions that will occur over time through attrition in PDC's long-term financial plan. PDC's long-term financial plan includes a targeted position count of 90 for FY 2016-17 with ongoing reductions of two FTE per year through attrition. Total budgeted positions may be further decreased in PDC's Adopted Budget based on implementation of the Early Retirement Incentive Program.

Limited-Term Equivalents (LTE)

LTE positions are hired for assignments that are short-term in nature (one to three years). LTE are utilized by departments as shown in the table below. PDC's policy is to fill LTE positions for initiatives that have clear end-dates or for preliminary work on a new project or program. This allows for flexibility in meeting workload demands while managing long-term staffing costs. FY 2016-17 will include funding for one LTE through December 31, 2016.

General Fund

The general fund is composed of sub-funds that do not have the geographic and program restrictions of the urban renewal funds. These sub-funds are the Indirect Fund, City General Fund, EOI General Fund, Grant Offset Fund, Predevelopment Fund, and Urban Redevelopment Fund.
