City Programs

Opportunities Challenges

What they can provide to a streetscape:

- Street Seats is a program to convert on-street parking area to outdoor seating, generally associated with eating establishments
- Street seats may require some maintenance

- Bike corrals is a program to convert an on-street parking stall to park several bikes, instead of parking for one customer in a car
- Bike corrals is a program to convert an on-street parking stall to park several bikes, instead of parking for one customer in a car you can provide for many customers on bikes, signals that a business welcomes cyclists
