IV. AUTHORIZE EXECUTIVE DIRECTOR TO APPROVE UPDATE TO THE TAX INCREMENT FINANCING FOR AFFORDABLE HOUSING POLICY

Portland Development Commission staff presenting this item:
Ms. Julie Cody, Chief Financial Officer

Portland City Council is scheduled November 9, 2011, to consider for adoption an updated TIF Set Aside for Affordable Housing Policy (the Set Aside Policy), along with a Policy Implementation Plan and Income Guidelines. This action authorizes the Executive Director to adopt the same updated set of Set Aside Policy documents.

At the time of originally adopting the TIF Set Aside Policy, it was contemplated City Council and PDC would conduct a thorough review of the policy and its impact on tax increment revenues, city housing, and other goals. Portland Development Commission staff has been involved in this review process as participants in both the technical review and the stakeholder review committees. A public hearing on the Set Aside Policy was held August 2, 2011, for the purpose of obtaining input on draft recommendations for improvements and enhancements to the policy.

During this meeting, Ms. Cody provided an overview of the update process for the Board’s consideration. Specifically, structural changes were recommended to improve administration,
transparency, and reporting, as well as to align the policy with priorities set by the Portland Housing Bureau’s (PHB’s) Strategic Plan, the Portland Plan, Urban Renewal Area (URA) Plans and current and future Portland housing needs. The aggregate citywide minimum of 30 percent of TIF collected under the Set Aside Policy would be dedicated to supporting the development, preservation and rehabilitation of housing affordable to households with incomes below 100 percent of median family income. This 30 percent would be calculated in the aggregate, across all URAs in existence as of July 1, 2006 (other than the Airport Way and Willamette Industrial URAs), and future URAs created after the adoption of this policy.

VI. UPDATE ON THE PDC ENTREPRENEURSHIP STRATEGY

Portland Development Commission staff presenting this item:

Mr. Chris Harder, Business and Industry Manager

During this Board meeting, staff provided information on the impact of entrepreneurship on Portland’s economy, summarized key findings from the State of Entrepreneurship Report, highlighted recent entrepreneurship events and outlined PDC’s entrepreneurship action plan and scorecard.

Staff said supporting entrepreneurship has been identified by PDC and the City of Portland as a priority to support job creation, innovation, and competitiveness. In the City’s Economic Development Strategy, “entrepreneurship” is identified as a key objective of the neighborhood business vitality and target industry cluster strategies, as well in specific neighborhood and central city projects. In 2010, PDC sought to define and clarify the role of entrepreneurship as an economic driver in Portland through the development of the State of Entrepreneurship Report.

Most recently, PDC’s Leadership Team explicitly identified innovation and entrepreneurship as a key outcome to achieve in PDC’s revised FY 2010-2014 Strategic Plan, which will be going to the Board for review in early December at their retreat, and to the Board for consideration of approval in January.

Mr. Harder concluded the presentation by thanking the Board for the opportunity to present this information and acknowledged Mr. Randy Evans, Senior Project Manager, for his hard work.

Mr. Harder showed the video, “Portland, Oregon Supports Entrepreneurs,” and thanked PDC staff member, Mr. John Cardenas, for his work to develop such a great piece.
